

To the Press and Whom It May Concern:

KADOKAWA CORPORATION

## **The EJ ANiME STORE, the Official Online Merchandise Store for Overseas Fans of Anime, Comics, Light Novels, and Games, is Opened!**

**- Purchase True Genuine Products (Official Merchandise),  
including Limited-edition Items that are Popular Overseas -**

<https://ejanimestore.com/>

KADOKAWA CORPORATION (headquarters: Chiyoda, Tokyo; Representative Director and President: Masaki Matsubara), known as the entertainment company behind globally popular works including *Re: Zero – Starting Life in Another World* and *SWORD ART ONLINE*, opened the EJ ANiME STORE, an online store where people living overseas can purchase official merchandise for Japanese anime, comics, light novels, games, and more.

As of 2018, the anime market in Japan has continued to increase for 9 years, reaching sales of 2,180 billion JPY. The rapid increase in the overseas market is contributing to this major growth, with over 1 trillion JPY in sales and accounting for 46.3% of the market\*. The KADOKAWA STORE (<https://store.kadokawa.co.jp>), the online store operated by KADOKAWA and aimed at the Japanese domestic market, has also seen an increase in overseas traffic (increasing roughly 170% over 4 years since 2016), demonstrating a high level of interest in KADOKAWA products among people living overseas, mainly in North America and Asia.

Based on all of this, we decided to establish the online shop EJ ANiME STORE, allowing people living overseas to buy true genuine products (official merchandise) and also featuring premium products that are difficult to obtain overseas, products with extras, and many more items.

We gathered a variety of products for this site centered on popular products with high added value based on the keywords “limited-edition sales” and “extras” as an online store operated directly by a publishing company and aiming to respond to the wide-ranging demand of fans of anime, comics, light novels, games, and more.

Upon opening, we will begin accepting reservations for figures from *Konosuba: GOD’S BLESSING ON THIS WONDERFUL WORLD!* and *DATE A LIVE*. We are also planning to offer special limited-edition sales of collaborative Ukiyo-e woodblock prints between Japanese anime, light novels, and traditional art, based on *Saekano: How to Raise a Boring Girlfriend*, along with various other promotions that users will enjoy.

When the site opens, target areas for sales will include 17 countries and regions, including the U.S., France, Spain, the U.K., Taiwan, Hong Kong, and Australia (with plans to expand to 80 areas, including China).

The EJ from “EJ ANiME STORE” refers to “Entertainment Japan”. We hope to develop the site into a base for delivering Japanese entertainment abroad, including not only KADOKAWA products, but also products from other companies, as well.
